

Curriculum Vitae

Min Li

Address: Department of Biological Sciences, Wayne State University, 5047 Gullen Mall, Detroit, MI 48202, USA

E-mail: min@wayne.edu

Phone: +1 3137629830

EDUCATION:

Ph.D.	Wayne State University, Detroit, Michigan, USA. 2024-present
M.S.	Shanghai Ocean University, Shanghai, China. 2024
B.S.	Binzhou University, BinZhou, Shandong Province, China. 2021

RESEARCH EXPERIENCE

Doctoral Researcher

Aug 2024–Present

Wayne State University, Detroit, MI

Advisor: Prof. Chuanzhu Fan

Investigating the molecular mechanisms of sex determination in spinach using comparative genomics, transcriptomics, and functional gene characterization.

Master's Student Researcher

2021–2024

Shanghai Ocean University, Shanghai, China

Advisor: Prof. Peimin He

Ecological Restoration Technologies for Water Quality Improvement in River–Sea Transition Zones

2023–2024 Contributed to research proposals, project documentation, and final reports.

Restoration of *Suaeda salsa* Ecosystems in Shanghai Coastal Wetlands

2022–2023 Conducted field sampling, laboratory experiments, and data analysis. Contributed to research proposals, technical reports, and scientific presentations.

Stress Adaptation of Plants for Ecological Restoration of East China Sea Tidal Flats

2021–2022 Assisted with laboratory research, project documentation, and final reports.

TEACHING EXPERIENCE

Graduate Teaching Assistant	
Wayne State University, Department of Biological Sciences 2024–Present	
Semester	Course
Fall 2026	Genetics (BIO 3070)
Spring/Summer 2026	Principles of Microbiology Lab (BIO 2271)
Winter 2026	Genetics (BIO 3070)
Fall 2025	Genetics (BIO 3070)
Spring/Summer 2026	Genetics (BIO 3070)
Winter 2025	Genetics (BIO 3070)
Fall 2024	Genetics (BIO 3070)

PUBLICATIONS:

Refereed Journal Articles (*co-first authors , #corresponding author)

1. **Min Li**, Xiangyu Zhou, Jiaxin Wu, Edward M. Golenberg, Dongxiao Zhu, Peimin He[#], Chuanzhu Fan[#]. 2026. Unraveling Salt-Responsive Genes in *Suaeda salsa* through Genomic and Transcriptomic Profiling across Salinity Gradients. *BMC Genomics*, 27, 475.
2. Luyi Cai*, **Min Li***, Yifei Shen, Ruitong Jiang, Jiaxin Wu, Shaozu Ma, Meiqin Wu, Peimin He[#], et al. 2025. Betacyanin accumulation mediates photosynthetic protection in *Suaeda salsa* (L.) Pall. under salt stress. *Planta*, 261, 100. (Co-First Author)
3. Zhangyi Xia, Jialing Yu, Yinqing Zeng, Min Li, Yuqing Sun, Yichao Tong, Jinlin Liu[#], Jianheng Zhang[#], Peimin He[#]. 2025. Continuous monitoring and comparative genetic analysis of attached outbreak species of *Ulva prolifera* in the Southern Yellow Sea. *Marine Environmental Research*, 204, 106953.
4. Shaozu Ma, Yifei Shen, **Min Li**, Ruitong Jiang, Luyi Cai, Tingting Wu, Linxi Gao, Meiqin Wu[#]. Peimin He[#]. 2025. Establishment of Novel Simple Sequence Repeat Markers in *Phragmites australis* and Application in Wetlands of Nanhui Dongtan, Shanghai. *Plants*, 14(4), 356.
5. Hanyang Zhang, **Min Li**, Dingqi Shi, Shuai Gu, Luyi Cai, Zitao Zhao, Shaozu Ma, Wenke Wen, Liu Shao, Peimin He[#]. 2025. Population Protection and Restoration of *Suaeda Salsa*: A Review. *The Administration and Technique of Environmental Monitoring*, 37(4). (In Chinese).
6. Yifei Shen, Ruitong Jiang, Caicai Liu, **Min Li**, Gangwei Jiao, Bin Li, Meiqin Wu, Jianheng Zhang, Liu Shao, Chuner Cai, Liyan Shi[#], Peimin He[#]. 2024. Analysis of the Potential of Marine Bioblue Carbon Storage and Their Regional 2 Contributions in Shanghai Marine Areas. *Marine Pollution Bulletin*, 207, 116850.
7. **Min Li**, Zitao Zhao, Jinlin Liu, Shaozu Ma, Peimin He[#]. 2023. Research advance on the synthesis and regulation mechanism of betacyanins in *Suaeda salsa* [J]. *Plant Physiology Journal*, 1-14. (In Chinese)
8. **Min Li**, Peimin He[#], Zitao Zhao, Jinlin Liu, Hongtao Liu, Shaozu Ma, Yifei Shen, Bin Li. Effect of temperature on betacyanin synthesis and the transcriptome of *Suaeda salsa*. *Frontiers in Plant Science*. 2023, 14, 1203089. (First Author)

CONFERENCE POSTERS AND ABSTRACTS

1. **Li M**, Zhou X, Wu J, Golenberg E.M., Zhu D, He P, Fan C. 2026 Unraveling Salt-Responsive Genes in *Suaeda salsa* through Genomic and Transcriptomic Profiling across Salinity Gradients. *BMC Genomics*, 27, 475.
 - Biological Sciences Retreat, Wayne State University. October 13, 2025 (poster)
 - Graduate Research Symposium, Wayne State University. February 25, 2026 (poster)

HONORS AND AWARDS

Aug, 2026	Graduate Teaching Assistant Award, Wayne State University
Dec, 2024	China College Students' Self-Strengthening Star Award, China
Aug, 2024	Yangtze River Delta Innovation Practice Star Award, Shanghai City
Apr. 2024	Outstanding Graduate, Shanghai City
Oct, 2023	National Scholarship, China

Oct, 2023	First-tier Academic Scholarship, Shanghai Ocean University
Oct, 2022	First-tier Academic Scholarship, Shanghai Ocean University
Oct, 2022 - Oct, 2023	Merit Student, two consecutive years, Shanghai Ocean University
May, 2021	Outstanding Graduate, Shandong Province
Oct, 2018 - Oct, 2020	Excellent Student, three consecutive years, Binzhou University
May, 2021	First-tier Academic Scholarship, Binzhou University
Dec, 2020	First-tier Academic Scholarship, Binzhou University
Oct, 2019	Second-tier Academic Scholarship, Binzhou University
Oct, 2018	First-tier Academic Scholarship, Binzhou University
Jul, 2019	Bronze Medal: The 4th National College Student Life Science Innovation and Entrepreneurship Competition
Aug, 2018	Silver Medal: The 3th National College Student Life Science Innovation and Entrepreneurship Competition
